**Attachments:** 2021.10. 28 Meeting Notes MCNEP\_CalGEM EPA Subsidence and Stimulation.docx

Dear All,

Thank you again for taking the time to meet with the MCNEP Team on October 28, 2021 to discuss concerns regarding subsidence and well stimulation for the Mendota Project. The MCNEP Team compiled meeting notes for your review and comment.

We are not sure that we captured all names and titles correctly. Please feel free to edit the list of attendees or any other section of the meeting notes, as needed and return the revisions to my attention. I will compile all comments/changes and send a final version of the notes.

Thanks and Best Regards,  
Roya
